You should now be able to complete the application, entering details of the role(s) that mean that a DBS is required.

To complete the application you will need your National Insurance number.

When the application is complete, you will need to show your identification documents to either Heather Knighton in the church office or to me. You need to present **three** documents:

- One must be one of the 'big five' which for most people means passport, complete driving licence or birth certificate.
- The second must be a different official document **from within the last three months** that has your address on it (utility bills, bank statements, correspondence from a government/local council department, benefit documentation etc)
- The third document can come from either of the two previous groups. Detailed guidance is available on the website when you make the application.
